

THE STANTON SOCIETY

Legacy of Caring

A TRADITION OF GIVING

During the past 23 years, thousands of Stainton Society members have generously contributed more than \$15 million for important new medical facilities and equipment at Shore Medical Center. This year's member contributions will continue to support the Ben & Flora Baker Surgical Pavilion and campus expansion, which will in turn enable us to passionately serve the people we care for every day.

The generous support of our members ensures that Shore Medical Center will continue to offer the most advanced surgical services and clinical expertise in the region, and will keep us at the forefront of healthcare excellence for years to come.

On behalf of Shore Medical Center, our patients and our community, please accept our heartfelt thanks and gratitude.
