

## **Affiliation with Gwynedd Mercy University ~ Applicant Requirements**

The **Shore Medical Center School of Radiologic Technology** is a full-time, 21-month *certificate program* in Radiologic Technology. Through participation in classroom, laboratory, and clinical activities, students are prepared to successfully begin a career as a **Radiologic Technologist**. The program is accredited by the Joint Review Committee on Education in Radiologic Technology (JRCERT) and the New Jersey Department of Environmental Protection (NJDEP), Bureau of X-ray Compliance.

Program graduates are awarded a certificate of program completion, which along with the possession of an Associates Degree or higher will allow them to apply for the American Registry of Radiologic Technologists (ARRT) Examination. Upon successful completion of the examination graduates may apply for New Jersey State licensure.

Shore Medical Center School of Radiologic Technology has an affiliation agreement with **Gwynedd Mercy University**. This enables applicants who do not already possess a degree to take the required prerequisite courses prior to applying to the radiology school.

Applicants, who have successfully completed the first two years of general education (including math, science, ethics, and medical terminology) courses on the university campus followed by 21-months at Shore Medical School of Radiologic Technology, will then receive a Bachelor of Science Degree in Radiologic Technology. This allows the student to meet the degree requirement to sit for the American Registry of Radiologic Technology (ARRT) examination in Radiography. While the student attends the Radiology School, they remain enrolled as a Gwynedd Mercy University student as well. *Completion of the first two years at Gwynedd Mercy does not guarantee acceptance into the Radiology School.*

Shore Medical Center School of Radiologic Technology has a co-operative agreement with **Atlantic Cape Community College** and once a **Gwynedd** student is selected into the Radiology School they will apply to Atlantic Cape as a **Visiting Student**. More information will be given at the appropriate time.

For more information visit the University's website is [www.gmeryu.edu](http://www.gmeryu.edu). There you will find programs of study as well as many policies and procedures.

For additional information, you may contact Campus Coordinator and student advisor, Joy Fox, BS, RT(R)(M)(QM)(CT), at (215) 542-4654 or by email at [fox.j@gmeryu.edu](mailto:fox.j@gmeryu.edu).
