Exam Pass Rate

Graduates who passed the national ARRT certification examination on the **1st attempt** only.

Year	Percent	Number of Students
2020	100%	14 out of 14 passed
2021	100%	13 out of 13 passed
2022	100%	13 out of 13 passed
2023	100%	17 out of 17 passed
2024	100%	18 out of 18 passed
5 Year Average	**100%**	

Job Placement Rate

Students who are employed in the radiologic sciences within twelve months of program completion. Only students seeking employment are included in the data presented. Students pursuing advanced education are not included.

Year	Percent	Number of Students
2020	100%	14 employed within 12 months of program completion
2021	100%	12 employed within 12 months of program completion (1 pursuing advanced education)
2022	100%	13 employed within 12 months of program completion
2023	100%	17 employed within 12 months of program completion
2024	100%	18 employed within 12 months of program completion
5 Year Average	**100%**	

Program Completion Rate

Program Completion is defined as the number of students who complete the program within the stated program length. Our program specifies the entry point as the final drop/add date to calculate the program's completion rate. When calculating the total number of students enrolled in the program (denominator), programs need not consider students who attrite due to nonacademic reasons such as: financial, medical/mental health, or family reasons; military deployment; a change in major/course of study; and/or other reasons an institution may classify as a nonacademic withdrawal.

Year	Percent	Number of Students
2020	92%	17 began, 14 completed the program (2 voluntary withdrawal, non-academic related, 1 program dismissal)
2021	100%	17 began, 14 completed the program (3 voluntary withdrawal – non-academic related)
2022	100%	16 began, 13 completed the program (3 voluntary withdrawal – non-academic related)
2023	92%	18 began, 17 completed the program (1 academic withdraw)
2024	100%	18 began, 18 completed the program
5 Year Average	**96.8%**
